

Lines Game

The Goal

Be the last player who can draw a **legal line**. If your opponent cannot draw a line on their turn, you win!

The Rules

- **Draw a Line:** Connect any two dots with one straight line.
- **No Crossing:** Your line cannot cross or touch any line already on the board.
- **No Straight Through:** If a dot already has one line, the second must make a corner. It cannot go straight through.
- **Two Lines Per Dot:** Each dot can only have two lines touching it. After that, it cannot be used again.
